

Lundy class - optional home learning ideas

Summer term

After half term we will be learning about climate zones and biomes in geography. We will also be learning about plant life cycles and how plants survive. If your child would like to complete a home learning challenge about either topic I would love to see their work. I have listed some ideas below however if your child would like to show their knowledge in a different way, please encourage them to do that. This is optional learning and there is no pressure to complete any task.

Write an explanation of a climate zones and biomes.	Create a piece of artwork relating to any one of the six major biomes, Aquatic Grassland Forest Desert Tundra Mediterranean	Draw a poster explaining how a plant grows.	Choose a plant to research and write down 10 facts about it. Can you also include a diagram?
Create a diorama for any one of the different climate zone.	Write a poem about a plant or an animal that lives in any of the different biomes.	Research and create a fact file for an animal that lives in any of the major biomes. E.g polar bear - desert Whale - aquatic	Create a poster on the different climate zones.
Find out what part bees play in the life cycle of a plant and draw a poster or write an explanation showing what you have found out.	Your choice - be creative and show your learning in a way that	Design your own SAVE THE BEES poster.	Choose a biome and create a 3D model showing what it is like - you could use junk modelling, lego or any other materials of your choice.
