

St Minver School and Nursery SEND Information Report and Local Offer 2023 to 2024

At St Minver school, everyone matters and everyone, whether child, parent or carer, or member of staff, is included in our nurturing, positive and respectful environment, where we celebrate our motto of Be Brave, Be Kind and Belong.

The facilities we have and the education we provide are tailored to meet individual needs both inside and outside of the classroom environment. All children are closely monitored, supported, and challenged to reach their potential. All Staff are supported through continuous and/or specific training to meet the needs of the children so that they have a clear and ambitious vision in providing a high-quality and inclusive education. We are committed to ensuring that all children make progress from their unique stating point. We do this through a variety of different provisions, differentiated planning and scaffolded delivery, by our talented team of teachers and their assistants. We also use specific programmes and /or strategies from external agencies, where appropriate.

All children at St Minver School and Nursery, has the opportunity to access the National Curriculum and /or access all areas of learning in Development Matters, which is constructed to be ambitious and designed to motivate, inspire and equip all learners, with special educational needs and/or disabilities (SEND), giving them the knowledge and cultural capital they need to succeed in life.

The levels of support and provision offered by St Minver School and Nursery

1. A Pupil's Voice -listening to and responding to children

Whole school approaches The universal offer to all children	Additional, targeted support and provision	Specialist, individualised support and provision
		R
 The views and opinions of all pupils are listened to and valued. Pupils voice is heard through: Wellbeing Team Pupil Conferencing Class discussion/circle time Feedback through marking pupil questionnaires Children's achievement both in and out of school are celebrated and shared through assemblies and displays. Safeguarding and SEND concerns are discussed sensitively and appropriately, following the correct guidelines. Trauma Informed Approaches Staff maintain an attuned and accepting emotional connection with pupils valuing the affect as an extremely important form of communication 	 Pupils are encouraged to contribute to both the 'On Alert' and 'SEND Review' phase in terms of a viewpoint on their progress, strengths, aspirations, and any concerns they may have. SEND children are given additional support through differentiated planning, supportive resources and adult guided group discussion/work. Time to Talk Programme Trauma Informed Approaches to develop effective communication skills and emotional literacy 	Individual support is responsive to the views of the pupil through: Integrally being part of TAC meetings, SEN Support and On Alert reviews. Talking Mat Trauma Informed Schools Approaches to develop effective communication skills and emotional literacy Pupils are supported in target setting. Staff are available to advise and help children, at all times

2. Partnership with parents and carers

Whole school approaches The universal offer to all children	Additional, targeted support and provision	Specialist, individualised support and provision
		•
The school works in partnership with all parents and carers.	Families are invited to attend extra- curricular activities where appropriate.	Parent/carers are supported in attending, and are actively involved in all meetings where appropriate.
Parents/carers are invited to attend a consultation evening termly and can request additional consultation, when necessary.	Parent meetings, differentiated homework, differentiated spellings, reading tasks and records, involve parents in supporting their children's progress.	A parent/carer's views are an integral part of a TAC meeting and a SEND Review.
Parents are invited to access the school messaging service and/or Facebook page.	Websites are available to support parents with homework, newsletters and class	Advocacy is available to ensure the above.
Parent/carers know exactly who to contact if they have any concerns.	letters. Parents are advised to contact school	All documentation can be presented in a format that is accessible to individual parents.
The school website enables the parent/carer to understand more about what their child is learning, special events, trips etc.	directly about concerns at any time in person, by phone, by email, home/school book or by social media.	Parents are encouraged to join in with school trips where appropriate.
A Parent questionnaire is sent home addressing specific issues.	Parents are invited to discuss their child's progression with the class teacher and/or SENDCo, when a concern has been raised for a child's progress, and when a	Parents are contacted regularly by the SENDCo, either by TEAMS, phone, email or a letter home.
Parents of children with a medical concern are consulted annually about an impact a medical condition has on a child.	child's progress is reviewed. Termly drop-in sessions for parents to have an informal chat about SEND	Parents are encouraged to share their concerns and the concerns of Health Professionals, through the Parent Consultation form, in order to address

Parents are signposted to multi-agency support.	the issues and concerns that there are, for a child holistically.
Regular Parent Forum meetings provide opportunities to share views about key changes/developments to the school's plans.	The SENDCo liaises with other agencies, ensuring parents are involved in this process and have any additional support they need.
Parents are invited to join the PTA, to work together to identify and make improvements for all children and staff.	

3.The curriculum

Whole school approaches. The universal offer to all children	Additional, targeted support and provision	Specialist, individualised support and provision
The curriculum is designed to ensure the inclusion of all pupils.	The progress of pupils taking part in intervention groups is accessed and reviewed on a regular basis.	Pupils with special needs and/or disabilities can access the curriculum with adult support as appropriate.
All pupils, regardless of their ability and/or additional needs, have full access to the curriculum.	The intervention packages are reviewed and adapted or discontinued in light of a pupil's progress.	In exceptional circumstances pupils can be dis-applied from some subjects.
The Dyslexia Screening test, Little Wandle Screening and Phonics Screening are used to identify pupils who need specific interventions.	Small group intervention work is focused on specific areas of need which can include:	Pupils are supported in following their interests, and chosen curriculum, regardless of their SEND and/or disabilities.

Pupil progress is monitored termly, and assessments are used to identify students who need specific intervention. 4. Teaching and learning

Whole school approaches The universal offer to all children	Additional, targeted support and provision	Specialist, individualised support and provision
		Ĩ
The whole school uses a 'dyslexia- friendly' approach to teaching and learning, where differentiated teaching and scaffolded outcomes are used to ensure the progress of all pupils.	Class based staff share information and lesson plans to ensure that pupils with SEND have targeted support and provision.	Personalised and highly differentiated work is provided enabling independent learning, including the use of TEACCH structured approach to learning (e.g. use of TEACCH trays).
The lessons are carefully planned to include clear stages, regular progress checks and different learning styles.	Class based staff work with small groups to: - ensure understanding - facilitate learning - foster independence and self-	Staff 'scaffold' learning by giving children just enough help to achieve something they could not do independently

All children have access to an emotionally available adult if they are feeling upset, anxious or angry.	

9. Transition from year to year and setting to setting

Whole school approaches	Additional, targeted support and	Specialist, individualised support and
The universal offer to all children	provision	provision
	ŶŶŶŶ	
EYFS transition is well planned and takes place regularly and progressively.	Pupils identified as possibly struggling with transition have a number of additional visits in small groups.	The SENDCo attends the annual review of a statement & EHC reviews.
The Nursery to Reception classes have an open sessions, so that they can explore the setting and meet staff, during the Autumn and then summer term, prior to them transitioning the following September.	The SENDCo liaises with pre-school and secondary school to ensure all information is shared before transition.	Pupils have an enhanced, structured and gradual transition package from setting to setting. This ensures that they are very familiar with routines, key members of staff, running of the school day, environment, etc.
There are strong links with feeder Nursery schools. Pastoral leads identify pupils who may need extra support at transition.	The SENDCo liaises with class teacher and TAs to ensure a smooth transition with in the school setting.	Teachers and TA's have a 'Hand over' meeting prior to transition throughout KS1 and KS2.
Primary children visit the local secondary schools regularly. Nursery/Secondary staff visit school to support transition.	New children and their parents are welcome to visit the school for a tour prior to joining the school.	Children with Autism and Complex Needs have a Communication Passport or Pen Profile, produced as a handover from Year 6 to Year 7, to ensure that all
Year 6 take part in transition day activities organised by receiving schools.		adults are aware of their needs.
A 'move up' morning across the school allows all pupils to work with their new teacher.		Children with Autism or Complex Needs have an opportunity to complete a Transition Booklet, in the Spring term to build confidence to support transition to Year 7.

CLIC Sargent	CLIC Sargent fights tirelessly to stop cancer destroying young lives. Their care teams provide day-to-day support for each child, young person and family, from information and guidance to clinical care and specialist play during treatment. They provide emotional and financial support and work with schools to ensure they access education even when they are not at school.	www.clicsargent.org.uk

12. Pupil progress

Pupil's progress and attainment is an ongoing process of teaching, learning, consolidating and applying. The class teacher and support staff complete this. Children receiving Special Educational Support have Individual Educational Plans (IEP's) which show the support being put in place, enabling the children to achieve their targets. These are shared with parents and pupils. Progress towards the targets are continuously monitored and assessed. Pupils, parents and their teacher review targets and provision and successes are celebrated. If a child continues to require SEN Support, new targets and provision are planned and recorded using an IEP. However, if a child makes expected progress they will be removed from the SEN Support register and placed 'On Alert', to ensure that their progress is closely monitored for two further consecutive terms.

Parents can request a meeting with the class teacher, the SENDCo or the Head Teacher. Any concerns with progress are discussed with the Head Teacher, teacher, SENDCo.

All pupils are involved with self-assessments at the end of learning tasks and against learning outcomes in lessons.

13. How we know how good our SEN provision is

At St Minver School and Nursery, we are always monitoring and evaluating the quality of our SEN provision. We monitor our provision through Aspire Academy Hub monitoring visits, SENDCo observations and learning walks and conversations with pupils. We also ask parents for feedback and comments during review meetings and through parental questionnaires. In terms of intervention and specific provision, there is an entrance and exit assessment made to ensure the pupils are making progress from the provision. We make any appropriate adaptations as necessary. St Minver School and Nursery reviews its SEN provision annually using the Aspire Charter Mark, which identifies strengths and areas for improvement, against the statutory requirements stated in the <u>SEND Code of Practice 2015</u>. From this, an action plan is produced.

14. If you wish to complain

The first point of contact for concerns should be the class teacher. If you feel that there are still concerns or questions unresolved then contact the SENDCo (Sally Hewitt) or Head of School (Jo Rodwell) to arrange a meeting.

Cornwall's Local Offer can be found on The Cornwall Family Information Services (FIS) website: <u>http://cornwall.childrensservicedirectory.org.uk</u>

Answers to Frequently asked Questions

1. How do people in school know if a pupil needs extra help?

Our school has an 'open door' policy to parents and have extremely well-developed links with the parents of the children that attend St Minver School. Children's progress and behaviour are monitored through termly tracking systems. Children who may be vulnerable are identified on a Class Vulnerable Group record, used to consider both need and intervention when tracking and reviewing their progress termly. These are shared with all staff.

If a child transfers to our school from another Primary school then we always do our utmost to find out as much information as possible about that child from both parents and the child's previous school. If there are external professionals involved with that child then their opinions and reports are sought after to ensure that we get the full picture of that child.

2. What should I do if I think my child may have special educational needs?

If you think that your child may have a special educational need then talk to us. We are here to listen and to help. You should talk to your child's class teacher in the first instance and then after discussion they may set up a meeting with the Special Educational Needs and Disability Co-ordinator (SENDCo) and / or the Head of School. Following these meetings steps will be taken to address any concerns you may have about your child.

3. Who is responsible for the progress and success of my child in school?

The progress and success of your child in school is everyone's responsibility. By 'everyone' we mean all school staff, parents as well as the child themselves. Whole cohort, termly progress meetings with staff ensures progress is tracked and monitored appropriately and discussions about vulnerable groups are timetabled in to staff meeting half termly. Where necessary, specific and targeted intervention support will be deployed.

4. How will the curriculum be matched to my child's needs and how will their needs be supported?

At St Minver School and Nursey, we are flexible and creative with our approach to the Development Matters Guidance and Primary Curriculum and plan lessons to be accessible for all. In all classrooms there are three 'waves' of support: Whole Class (Wave 1) – support

and resources available to everyone in that class; Group (Wave 2) – support and resources available or tailored for small groups of children; and 1:1 (Wave 3) – support and resources specifically designed for or accessible by individual children.

All lessons are differentiated and scaffolded appropriately according to the needs of the children in that class or group whether it be by the amount of support children will receive, resources they may use or the expectation the teacher has of those children when that lesson is finished.

Children are sometimes withdrawn from the classroom in small groups or on a one to one basis for more intensive support from a teacher or teaching assistant, or to take part in an intervention program designed to meet and support the needs of that individual or group of children. Children may also be withdrawn by staff for physiotherapy sessions or individual speech therapy support.

5. How will I, and my child, know how well they are doing and how can you help me to support my child's learning?

St Minver School and Nursery operates an effective 'open door' policy to create a constant positive dialogue with parents. In addition to this, staff may ask to speak with parents at the end of the school day. Parents and pupils are invited to engage in termly SEN review meeting, and/or Parent meeting in the Autumn, Spring and Summer term and annual reports are sent home to parents. Throughout the year there are 'open afternoons' whereby parents are invited into the classrooms to share the children's learning, progress and support upcoming events e.g. class trips/residentials. All of this constant dialogue between school and parents will help you to support your child's learning at home and inform you of how they are progressing in school. If at any time you wish to discuss your child then meetings can be arranged with class teacher and / or the Head Teacher at your request.

6. What support is there for my child's overall wellbeing?

Your child's overall wellbeing will be constantly supported in school in a variety of ways. We will help them; to be healthy by ensuring that they enjoy good physical and mental health, by encouraging them to live a healthy lifestyle, keep safe by protecting them from harm and neglect, to enjoy life; to achieve well by giving them opportunities to make the most out of life, by teaching them the skills they need for adulthood, to make a positive contribution to their school, community and society, by being involved in their community and society and discourage involvement with anti-social or offending behaviour, contribute to their economic well-being and by ensuring that they are not prevented from achieving their full potential through economic disadvantage.

7. How do I know that my child is safe in school?

At St Minver School, we have a variety of measures, policies and procedures in place to ensure that your child is safe. All staff are checked by the Disclosure and Barring Service (DBS checks previously known as CRB checks) and have tier 2 child protection training. There are

also named members of staff who are trained to tier 3 in child protection. We have a safeguarding policy and have risk assessments in place for a wide variety of activities and situations that may arise.

8. How accessible is the school environment?

The school building at St Minver School and Nursery is accessible to everyone who attends school or who comes to visit us. We have good access to every classroom. We have a disabled toilet and changing facility

9. How will school prepare and support me/my child through the transition from key stage to key stage and beyond?

Your child will be highly supported by school throughout every transition process. We would meet with everyone involved in supporting a child's needs, talk to the relevant external professionals as well as involving members of staff from the next stage of schooling in these meetings. Where a child is transferring to a secondary school they would be able to undertake extra transition days to allow them to become more familiar with the environment.

10. What specialist services and expertise are available at or accessed by your school?

A list of specialist services used by the school and are accessible to us are on the Family Information Service website. https://www.cornwall.gov.uk/health-and-social-care/childrens-services/family-information-service/

11. How is my child included in activities outside the classroom including school trips?

Everyone is included in everything at St Minver School. Activities outside the classroom are a part of everyday life for us and we undertake a wide variety of school trips throughout the year. All children are encouraged to take part in after school clubs, and those children who need it are supported appropriately. The same applies when it comes to trips and camps and adaptations are made where necessary to ensure that every child is included whilst at the same time carefully ensuring that those adaptations do not affect the experiences of other children.

12. How are the school's resources allocated and matched to pupils' special educational needs?

Each year the school decides on an allocation of money for special educational needs (SEN). For all children on the school's SEN register the school itself is expected to meet the first £6000 of any resources and support required by each individual child. For those children with an Education, Health and Care Plan, spending above the £6000 may be claimed back from the local authority up to a limit set by the resources provided by the statement. In addition to this, these children also have access to free resources and support from external professionals such as Educational Psychologists for example. In-school resources and support are detailed in Individual Education Plans (IEPs). These plans are individually tailored to each child on the SEN register and specify which resources will be used to support that child, how much support they will receive and whether any additional adult support will be used.

13. What SEND training have the staff at school had or are having?

The Special Educational Needs and Disability Co-ordinator (SENDCo) has undertaken the following:

- Accredited National Award for SEND Co-ordination, a year-long qualification which looks in depth at the differing types of special educational need, research and pedagogy into a wide variety of educational topics as well as how best to support children with SEN in school.
- A Masters degree in Education with an SEND inclusion focus.
- Trauma Informed School (TIS) Practitioner training and continues to attend online update sessions to ensure TIS approaches supported are embedded in teaching, learning and SEND practices.
- Work, Rest and Play the Sensory Way (WRAPS). The training provides an understanding of individual sensory differences and needs, enabling teachers to identify and support sensory challenges faced by children within the school environment. On completion of the training the SENDCo is able to disseminate learning within the school so that basic strategies are introduced as needed to support pupils' sensory regulation and enable them to make a referral where necessary.
- Deputy Safeguarding Lead training
- Every Leader a Leader of SEND essential information and actions for leaders in leading SEND across a school
- Supporting Communication for Children with Complex Needs
- Attends Down Syndrome Support Group Termly (SEN Support Group)
- Fun Fit training
- Time to Talk

14. What should I do if I feel that the Local Offer and the Information Report is not being delivered or is not meeting my child's needs?

If you feel that the Local Offer/Information report or the School Offer is not being delivered or is not meeting your child's needs then we urge you to contact school in the first instance, speaking to either the SENDCo (Sally Hewitt) or the Head of School (Jo Rodwell). Concerns may then be escalated, if necessary, to the Director of Inclusion (Sue Costello) or to the Board of Directors at Aspire Academy Trust.

15. How is your School Offer and Information report reviewed?

Our School Offer and Information Report is reviewed on an annual basis in consultation with staff, parents and directors of the school.
