

Spring 1 Week 5

Head of School Message

1 in 5 children and young people now have a probable mental health condition. Children's Mental Health Week provides us with the opportunity to raise awareness of children's mental health and the importance of staying mentally healthy. We want to ensure that our children feel listened to and know that they are not alone. So this week we have taken time to consider each other and be kind to ourselves. Each child in our school has planted a sunflower seed to represent the theme of the week 'Know yourself, Grow Yourself'. Being mindful about our mental health shouldn't be just for one week a year though, so we will keep you updated about how we plan to keep this important conversation at the forefront of everything we do.

It has been another busy week for staying active. We have seen our netball club represent our school at a local festival, and Greenaway and Daymer Classes learnt how to skateboard! Thank you so much to George for giving his time and resources to make this happen for our children!

Thank you for your ongoing support.

In assembly this week...

...we celebrated Children's Mental Health Week. We reflected on the theme for the week ('Know Yourself, Grow Yourself') and we talked about how learning to be compassionate and empathetic is linked to knowing who you are and finding out about our friends.

It's so important that our young people embrace self-awareness and explore what it means to them within a supportive and caring environment.

This is why one of our 'Top 10' is to nurture positive relationships where the adults in our school are available to connect with each and every child - no matter how they are feeling.
